

Aceraceae: Maple Family -- maple syrup/sugar
Actinidiaceae: Actinidia Family -- kiwi
Aizoaceae [Tetragoniaceae]: Carpet-Weed Family -- ice plant, New Zealand spinach
Alismaceae: Water-plantain Family -- arrowhead
Amaranthaceae: Amaranth Family -- amaranth grain, leaf amaranths
Anacardiaceae [Coryaceae]: Cashew Family -- cashew, pistachio, mango, mombin, ambarella, imra, imbu, gandaria, sumac
Annonaceae: Custard-Apple Family -- soursop, sweetsop, cherimoya, bulluck's heart, pawpaw, sugar apple, biriba, ilama, custard apple, guanabana, Guinea pepper
Apocynaceae: Dogbane Family -- carissa, karanda
Araceae: Arum Family -- monstera, taro/dasheen/eddo, tannia/malanga
Basellaceae: Basella Family -- ulluco, madeira vine, Malabar spinach
Berberidaceae: Barberry Family -- barberry
Bignoniaceae: Bignonia Family -- candle tree fruit, midnight horror, sausage tree fruit
Bombacaceae: Bombax Family -- malabar chestnut, durian, baobab, chupa-chupa
Bromeliaceae: Bromelia or Pineapple Family -- pineapple
Burseraceae: Torchwood Family -- pili nut
Cactaceae: Cactus Family -- prickly pear, pitaya, Barbados gooseberry
Caprifoliaceae: Honeysuckle Family -- elderberry, high-bush cranberry
Caricaceae: Pawpaw Family -- pawpaw, papaya, babaco
Chenopodiaceae: Goosefoot Family -- quinoa, beets, sugar beets, orach, spinach, wild spinach, chard, samphire, lamb's quarters
Compositae [Asteraceae]: Composite Family -- sunflower seeds, dandelions, sea aster, artichokes, cardoon, scorzonera, salsify, lettuces, endive, radicchio, chicory, escarole, edible burdock, chrysanthemum greens
Convolvulaceae: Morning Glory Family -- sweet potato, Chinese water spinach
Cornaceae: Dogwood Family -- Cornelian cherry
Corylaceae: Hazelnut Family -- hazelnut/filbert
Cruciferae [Brassicaceae]: Mustard or Cruciferous Family -- rape, turnip/rutabaga/swede, mustard, mustard greens, cabbages, radishes, daikon, horseradish, cress, watercress, broccoli, cauliflower, brussels sprouts, arugula, kohlrabi, bok choy, kale, bok choy, sea kale, collards, spoonwort
Cucurbitaceae: Gourd Family -- pumpkin seeds, pumpkins, squash, gourds, melons, watermelon, kiwano, cassabanana, casaba, loofah, cucumbers, korila, chayote
Cyperaceae: Sedge Family -- tiger nut, water chestnuts, bush nut
Dioscoreaceae: Yam Family -- yams, air potatoes, cush-cush
Ebenaceae: Ebony Family -- kaki, persimmons, date plum
Eleagnaceae: Oleaster Family -- sea buckthorn, silverberry
Ericaceae: Heath Family -- cranberry, blueberry, bilberry, huckleberry, bearberry, arbutus
Euphorbiaceae: Spurge Family -- cassava/manioc candlenuts, bomah nut, tallow nut, Othaheite gooseberry, emblic, bignay, rambi, castor bean
Fagaceae: Beech Family -- acorns, beech nuts, chestnuts
Flacourtiaceae: Flacourtia Family -- chalmogra nuts, ramontchi, lovi-lovi, rukam, paniala, ketembilla, Abyssinian gooseberry, Governors-plum
Ginkgoaceae: Ginkgo Family -- ginkgo nut
Gramineae: Grass Family -- wheat, barley, rice, wild rice, millet, sorghum, corn, maize, bamboo shoots, sugar cane, teff, oats, rye, spelt
Guttiferaceae: Garcinia Family -- mangosteen, mamey
Hippocastanaceae: Horse-Chestnut Family -- horse chestnuts
Hydrocharitaceae: Frogs-Bit Family -- sea fruit nut
Iridaceae: Iris or Crocus Family -- saffron
Juglandaceae: Walnut Family -- walnuts, pecans, hickory nuts, winged walnut
Labiatae: Mint Family -- Chinese/Japanese artichoke, perilla, oregano, basil
Lardizabalaceae: Lardizabala Family -- akebia
Lauraceae: Laurel Family -- avocado, cinnamon, cassia
Lecythidaceae: Lecythis Family -- Brazil nuts, sapucaya nut/paradise nut
Leguminosae: Pea or Pulse Family (Legumes) -- peas, beans, lentils, peanuts/ground nuts, alfalfa, carob, soybeans, garbanzos/chickpeas, fenugreek, guar
Liliaceae: Lily Family -- onions, garlic, leeks, asparagus
Linaceae: Flax Family -- flax seed/linseed
Malpighiaceae: Malpighia Family -- Barbados cherry

Malvaceae: Mallow Family -- portia nut, roselle, mallow, okra, cocoa, baobab
Marantaceae: Arrowroot Family -- arrowroot
Meliaceae: Mahogany Family -- duku, langsung, santol
Moraceae: Mulberry Family -- breadnut, fig, mulberry, jackfruit, breadfruit
Moringaceae: Moringa Family -- horse-radish tree
Musaceae: Banana Family -- banana, plantain
Myristicaceae: Nutmeg Family -- nutmeg, mace
Myrtaceae: Myrtle Family -- myrtle, guava, feijoa, jambolan, jaboticaba, grumichama, rose apple, pitanga, eugenia fruits, allspice, cloves
Nymphaeaceae: Water-Lily Family -- water nuts, lotus root
Oleaceae: Olive Family -- olives
Onagraceae: Evening Primrose Family -- water chestnuts
Orchidaceae: Orchid Family -- vanilla
Oxalidaceae: Oxalis or Wood-Sorrel Family -- carambola/star fruit, belimbing asam, goraka, oca
Palmaceae [Arecaceae]: Palm Family -- betel nut, coconut, various palm nuts, palm hearts, dates, salak
Papaveraceae: Poppy Family -- poppy seeds
Passifloraceae: Passion-Flower Family -- passion fruit, passion flowers, sweet calabash, granadilla, water lemon
Pedaliaceae: Pedalium Family -- sesame seeds
Phytolaccaceae: Pokeweed Family -- pokeberry
Pinaceae: Pine Family -- pine nuts
Piperaceae: Pepper family -- Indian long pepper, black/white pepper
Plantaginaceae: Plantain Family -- buck's horn plantain
Polygonaceae: Buckwheat or Knotweed Family -- buckwheat, sorrel, rhubarb
Polypodiaceae: Fern Family -- fiddlehead ferns
Portulacaceae: Purslane Family -- purslane
Proteaceae: Protea Family -- macadamia nuts, wild almond/wild chestnut, avellano nut, monkey nut
Punicaceae: Pomegranate Family -- pomegranate
Rhamnaceae: Buckthorn Family -- jujube
Rosaceae: Rose Family -- almond, apple, pear, plum, bullace, cherries, capulin, sloe, quince, medlar, loquat, wood apple, crabapple, rowanberries, sorb, rosehip, apricot, peach, nectarine, strawberry, raspberry, cloudberry, Arctic bramble, blackberry, dewberry, boysenberry, loganberry, hawthorn berry, thornberry, saskatoon berry, chokecherry, blackcap, thimbleberry
Rutaceae: Rue Family -- cape/wild chestnut, grapefruit, pomelo, ugli fruit, oranges, mandarin/tangerine, tangelo/tangor, kumquats, citron, lemons, limes, calamansi, yuzu, white sapote, bael, wampee, wood apple, bergamot oranges, bael fruit
Sapindaceae: Soapberry Family -- litchi nuts, longan, rambutan, pulasan, mamoncillo, genip
Sapotaceae: Sapodilla Family -- Illipe/Illupe nut, canistel, star apple, sapodilla, sapote
Saxifragaceae [Grossulariaceae]: Saxifrage Family -- gooseberry, red/white/black currants
Solanaceae: Nightshade Family -- potato, eggplant, capsicum/bell peppers, tomato, pepino, tree tomato, naranjilla, garden huckleberry, cape gooseberry, Chinese lantern, tomatillo, ground cherry, capsicum peppers
Staphyleaceae: Bladder-Nut Family -- bladder nuts
Sterculiaceae: Sterculia Family -- java olive
Tropaeolaceae: Tropaeolum or Nasturtium Family -- nasturtium
Ulmaceae: Elm Family -- hackberry
Umbelliferae [Apiaceae]: Parsley Family -- carrots, parsnips, turnips, celery, celeriac, cumin, cilantro, chervil, parsley, fennel, fitweed, apio, aniseed, caraway seed, coriander
Urticaceae: Nettle Family -- nettles
Valerianaceae: Valerian Family -- lamb's lettuce
Vitaceae: Vine or Grape Family -- grapes, raisins, currants (dried black grapes)
Zingiberaceae: Ginger Family -- ginger, cardamom, grains of paradise, greater galangal, turmeric
