**Subject:** Copper sink

Saw this and fell in love! Perhaps more maintenance. What will happen over time? **If coated nothing**  
Patina? **YES**

Please let us know what you think. **It will look great**

We ARE going with antique copper for the faucet, soap and RO. Perhaps the hardware should also be antique copper? **I like the Verona Brozen**

So far the Domestic Bliss is the nicest shape/options we've seen (and we've looked at a lot) but still deciding on color, verona bronze **This will pop with the cooper sink and faucet**

Yes, there are multiple sheets. I will ask Christina to give you an update where the slabs are located to view. So glad it all coming together.

Have a great weekend,

Hi Jim,

As always, you came through! One is too dark but the other is real nice. Can't see the color--is there any green or pink? Would be glad to visit the slab. Also assume there are more than one slabs from the same cut, esp since we will need 2, right?

Hi Michael,

I've attached pictures of two different slabs for you to view and make a choice. I think we found two great slabs. What do you think?
