**SEE IMPORTANT MESSAGES ON REVERSE SIDE**

This card must be carried for production upon demand. It is suggested that you carry this card in the insured vehicle.

**WARNING:** Any owner or registrant of a motor vehicle who drives or permits a motor vehicle to be driven in this State without the required financial responsibility may have his/her registration suspended or revoked.

**NOTE: THIS CARD IS REQUIRED WHEN:**

1. You are involved in an auto accident.
2. You are convicted of a traffic offense other than a parking offense that requires a court appearance.
3. You are stopped for violating any provision of 75 Pa.C.S. (relating to the Vehicle Code) and requested to produce it by a police officer.

You must provide a copy of this card to the Department of Transportation when you request restoration of your operating privilege and/or registration privilege which has been previously suspended or revoked.

**IMPORTANT NOTICE Regarding Your Financial Responsibility Insurance Identification Card**

- Erie Insurance Group is required by Pennsylvania law to send you an I.D. card. The card shows that an insurance policy has been issued for the vehicle(s) described satisfying the financial responsibility requirements of the law.
- If you lose the card, contact your insurance agent or company for a replacement.
- The I.D. card information may be used for vehicle registration and replacing license plates. If your liability insurance policy is not in effect, the I.D. card is no longer valid.
- You are required to maintain financial responsibility on your vehicle. It is against Pennsylvania law to use the I.D. card fraudulently such as using the card as proof of financial responsibility after the insurance policy is terminated.

### CARFAX Glossary

#### CARFAX Well Maintained - Regular Oil Changes

CARFAX identifies a "Well Maintained - Regular Oil Change" vehicle as having a regular oil change history when all its recommended oil changes, based on the vehicle's maintenance schedule, have been reported to CARFAX. CARFAX uses the manufacturer's schedule and assumes normal driving conditions. When an oil change schedule is not available, CARFAX may analyze reported service events to determine what is typical for the same make and model vehicle. Dealers and service shops may publish different recommended service schedules.

#### Certified Pre-Owned Vehicle

Certified Pre-Owned Vehicles (CPOs) are used vehicles that meet the certification criteria established by the manufacturer. Although each manufacturer establishes its own criteria to certify a vehicle, manufacturers typically certify recent model year vehicles with low mileage. CPO vehicles typically undergo a comprehensive inspection and come with a manufacturer-backed warranty and require a vehicle history report as part of the certification process.

#### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

#### Lexus Recall / Service Campaign

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013. This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides data to Carfax Inc. on a regular basis, this report may not include very recent activity. For the manufacturer's most current information on recall/campaign activity for any Toyota, Lexus or Scion brand vehicle, you must go to <http://toyota.com/recall> or <http://lexus.com/recall>.

#### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

#### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

### AMAZON ALEXA

Bring all the convenience of Amazon Alexa<sup>3</sup> on the road with the Lexus+Alexa<sup>3</sup> app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music,<sup>3</sup> make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices<sup>22</sup> such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System<sup>23</sup> or provide on-the-go directions via the Waze<sup>TM24</sup> app on compatible devices.

### APPLE CARPLAY®

With Apple CarPlay<sup>7</sup> integration, you can access the same familiar interface from your iPhone<sup>6</sup> through the vehicle's multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,<sup>®25</sup> and get access to your favorite apps like Waze, Spotify<sup>®</sup> and Apple Audiobooks.<sup>TM26</sup>

### ANDROID AUTO™

With Android Auto,<sup>6</sup> you can now seamlessly cast your device's interface onto the vehicle's multimedia display. Play your music via your favorite apps such as Spotify and Pandora,<sup>®</sup> send messages through a range of commonly used apps like WhatsApp,<sup>®17</sup> navigate with Google Maps,<sup>TM27</sup> and request information—all with your voice. Just say "Hey Google" to get started. For added convenience, Android Auto can also help shorten your commute by automatically finding alternate routes if it detects heavy traffic.

### LEXUS ENFORM

Lexus Enform<sup>28</sup> elevates connected technology and provides concierge-level convenience. From emergency assistance and onboard Wi-Fi<sup>TM29</sup> to the ability to start your engine remotely<sup>30</sup> using your smartphone, smartwatch, the Lexus skill on Amazon Alexa built-in devices, or the Lexus action on Google with your Assistant-enabled<sup>27</sup> devices, our premium suite of connected technology offers peace of mind with every drive.

### MARK LEVINSON® AUDIO

The available 14-speaker, 835-watt Mark Levinson<sup>®31</sup> Premium Surround Sound Audio System features patented, proprietary Clari-Fi<sup>®31</sup> technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from almost any source. This, combined with technology designed to create an expansive "sweet spot" of audio, envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

### INTUITIVE PARKING ASSIST

Using sensors in the front and rear bumpers, available Intuitive Parking Assist<sup>32</sup> cues the driver with audible tones and an indicator on the multimedia display. Notifications indicate a detected object's location and proximity, which is especially helpful for routine tasks like parallel parking. If contact with an obstacle is imminent, the system can also bring the vehicle to a complete stop, under certain circumstances.

### DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.<sup>®33</sup> Learn more about these services at [lexus.com/specialists](http://lexus.com/specialists).

# ACCESSORIES

A high-contrast, black and white photograph of a woman with blonde hair, wearing a dark suit jacket over a light-colored blouse. She is seated in the driver's seat of a car, looking towards the camera with a slight smile. Her hands are resting on a smartphone. The car's interior, including the steering wheel and dashboard, is visible in the background. The overall aesthetic is professional and sophisticated.
