

closet, still being thought out, pocket doors?

perhaps this wall has the tv inserted into wall with cabinetry?
Would allow all wires/networking to be behind in closet.

middle room becomes media area.
has adequate space for TV
between windows actually wider
than the current fireplace wall.
some sort of cabinetry.
tv might be better on opposite wall

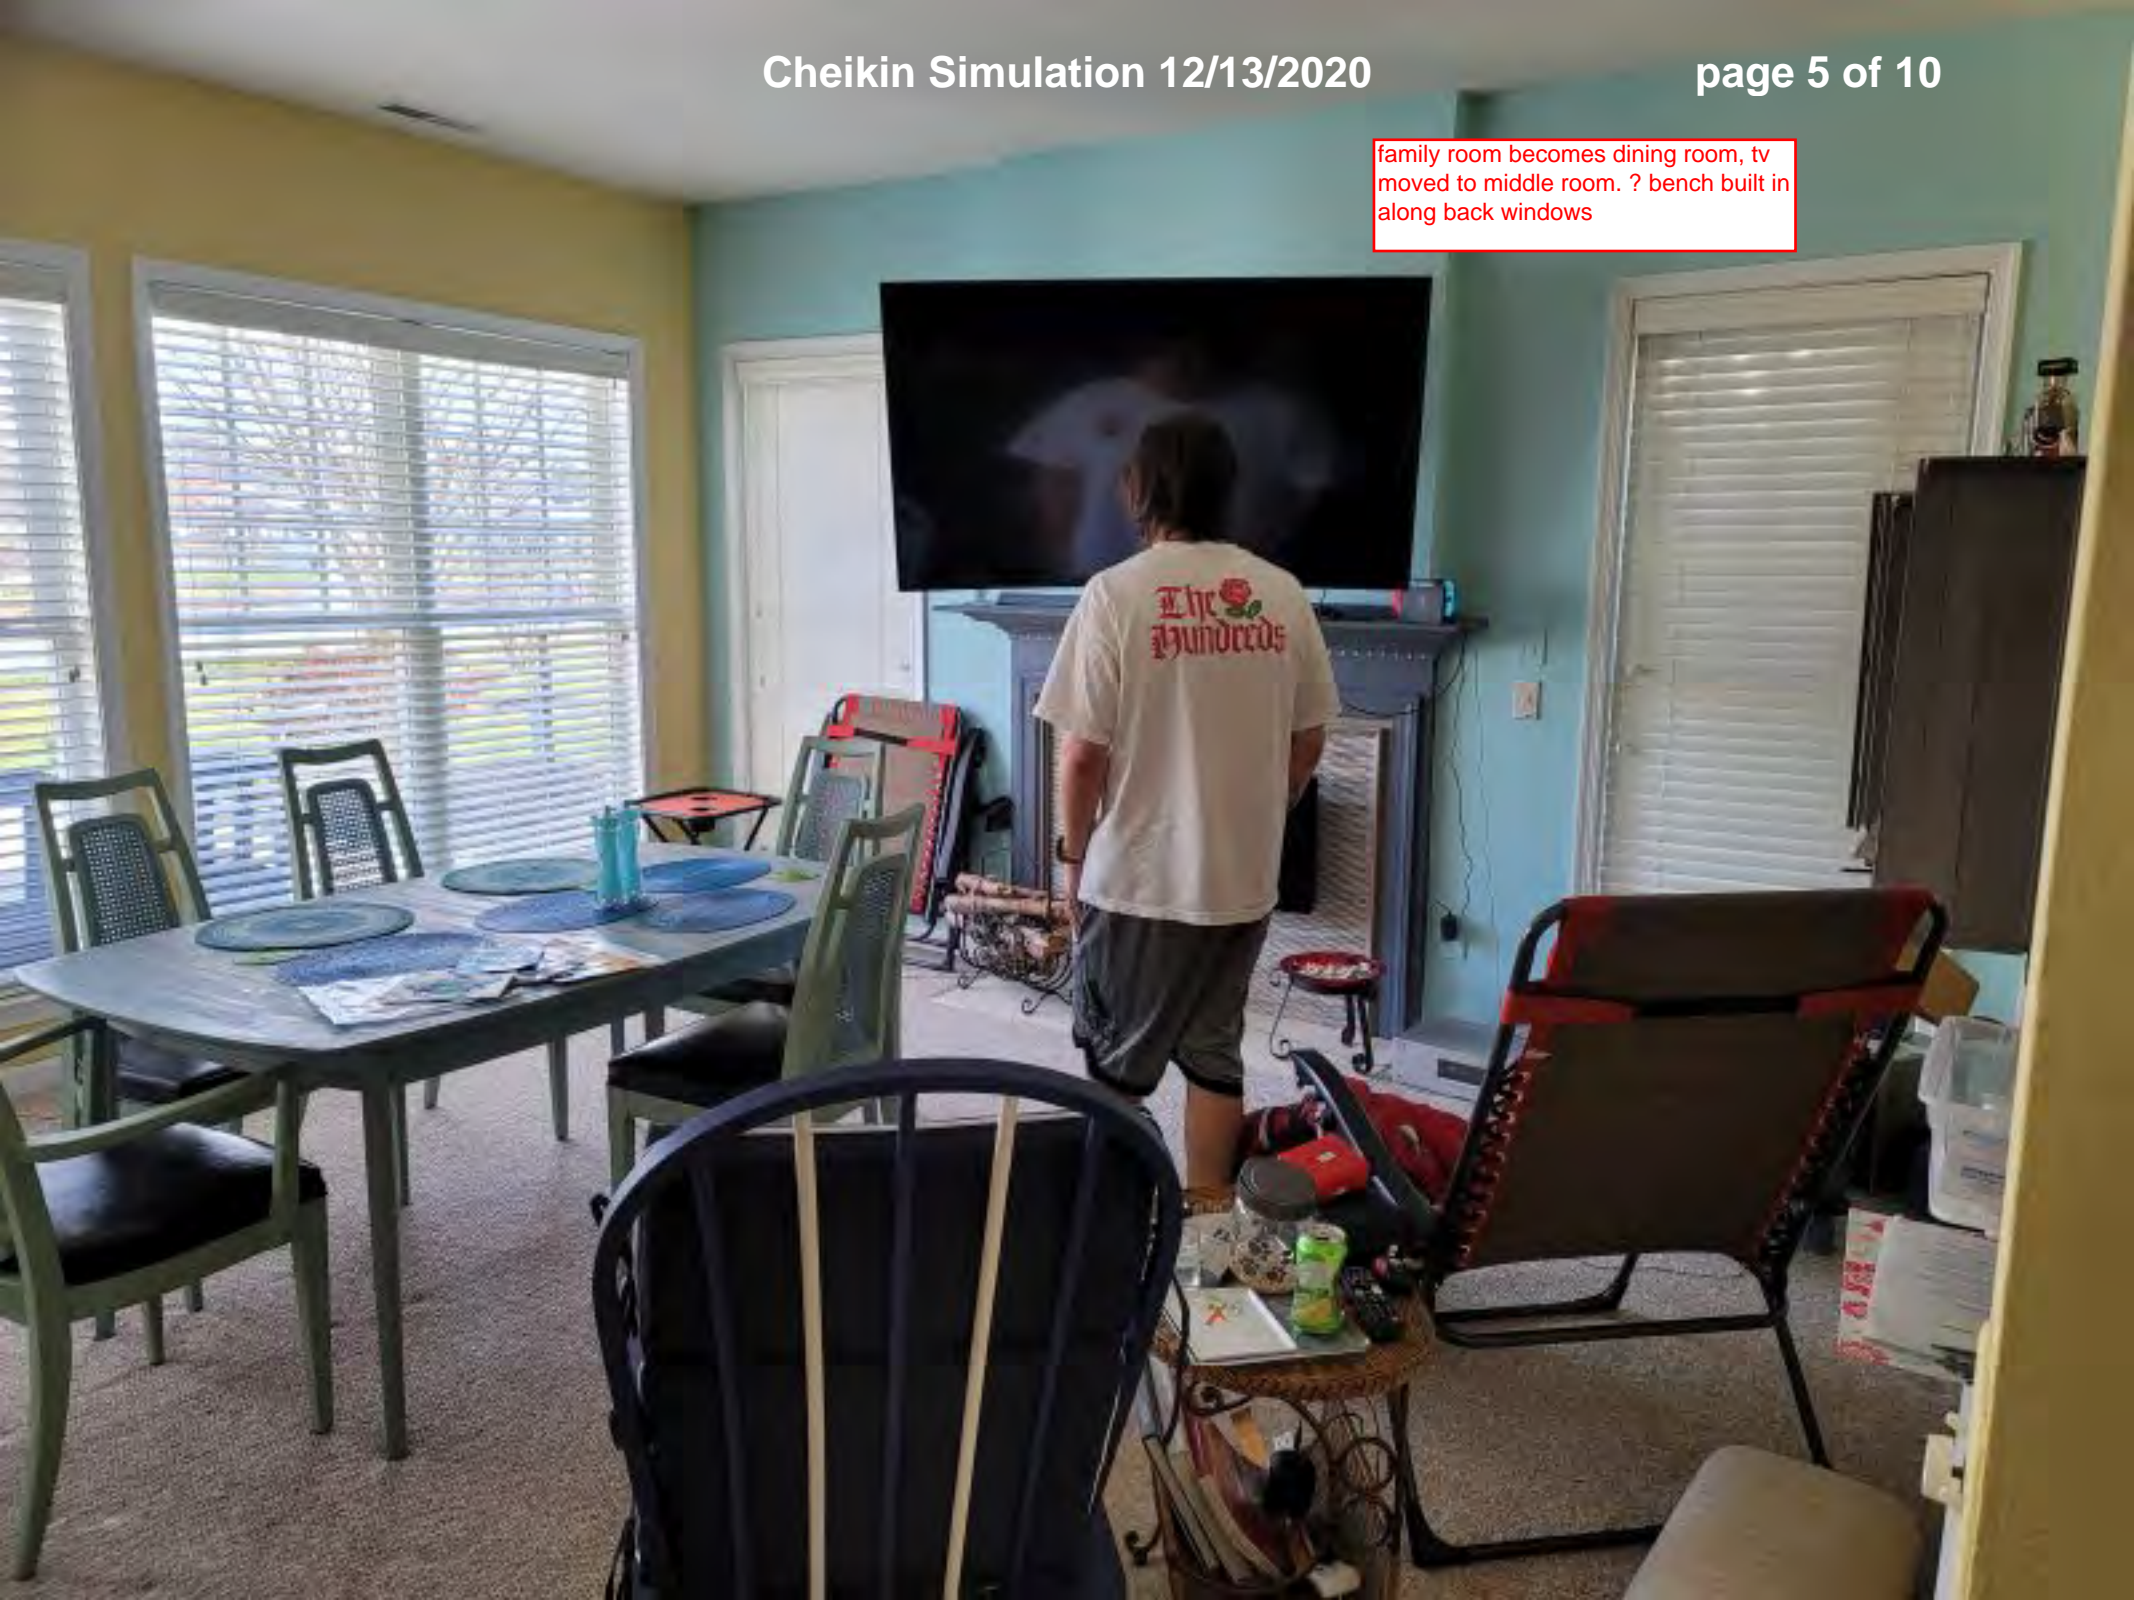

closet cutoff extends
to end of pantry

pantry wall will be
approx 50 wide.

family room becomes dining room, tv moved to middle room. ? bench built in along back windows

island view 1

island view 2. all the
same height (need to
raise lower table.
overhand only on one
side?

island view 3

nook becomes main "hangout" area w cozy built-in and window seat with dog area underneath
